Patent No 237574

Fermented rapeseed cake for animals, in particular for monogastric animals, in particular for broiler chickens and broiler turkeys, feed for animals, in particular for monogastric animals, in particular for broiler chickens and broiler turkeys, and the application of fermented rapeseed cake and the feed containing fermented rapeseed cake.

Application dated 14.09.2017

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Sylwester Świątkiewicz, Anna Arczewska-Włosek

---

Patent No 237575

Method for improvement of rapeseed cakes.

Application dated 14.09.2017

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Sylwester Świątkiewicz, Anna Arczewska-Włosek

---

Patent No 238092

Hive for *Helix lucorum* snail reproduction.

Application dated 20.09.2018

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Przemysław Pol, Maciej Ligaszewski

---

Patent No 238147

Digestibility cage for pigs.

Application dated 20.08.2019

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Małgorzata Świątkiewicz, Przemysław Pol, Adam Pastuszek

---

Patent No 238710

Folding feeder for snails.

Application dated 22.10.2018

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Przemysław Pol

---

Patent No 238711

Device for cooling snail eggs during their incubation.

Application dated 22.10.2018

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Przemysław Pol

---

---

Patent No 239065

Method for identification of SLC16A1 gene mutation as a prediction marker for Arabian horse racing potential and the marker obtained with this method.

Application dated 14.11.2017

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Katarzyna Ropka-Molik, Monika Stefaniuk-Szmukier, Tomasz Szmatoła, Katarzyna Piórkowska, Monika Bugno-Poniewierska

---

Patent No 239289

Extender for freezing ram semen and a method for semen freezing.

Application dated 02.05.2018

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Piotr Gogol, Mirosław Cegła

---

Patent No 239630

Method for monitoring the determination of hen components in feed mixtures, meat and meat preparations, and the reaction mixture for implementation of this method.

Application dated 24.01.2017

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Małgorzata Natonek-Wiśniewska, Piotr Krzyścin, Monika Bugno-Poniewierska

---

Patent No 239701

Device for feeding and digestibility tests in fish hatchlings and fry.

Application dated 28.10.2019

Applicant: National Research Institute of Animal Production, Kraków, Poland.

Inventors: Przemysław Pol

---
