

Patents obtained

Patent No 240049

Eubiotic additive for farm animals, in particular for poultry and a method for making feed with eubiotic additive for farm animals, in particular for poultry.

Application No P.429797 from 29.04.2019.

WUP 06/2022, date of publication: 07.02.2022.

Inventors:

Damian Józefiak, Anita Zaworska-Zakrzewska, Małgorzata Kasprowicz-Potocka, Adam Cieślak, Małgorzata Szumacher, Jan Jankowski, Ewa Sawosz-Chwalibóg, Sylwester Świątkiewicz, Anna Arczewska-Włosek, Artur Józwik.

Patent No 240144

Biotechnological dressing for burn wound treatment, a method for making the biotechnological dressing for burn wound treatment and a method for application of the biotechnological dressing for burn wound treatment.

Application No P.404878 from 30.07.2013.

WUP 08/2022, date of publication: 21.02.2022.

Inventors:

Kazimierz Cieślak, Zdzisław Smorąg, Ryszard Słomski, Mariusz Nowak, Marek Kawecki.

Patent No 240560

Eubiotic additive for poultry, in particular for chickens for slaughter and a method for making feed with eubiotic additive for poultry, in particular for chickens for slaughter.

Application No P.429798 from 29.04.2019.

WUP 17/2022, date of publication: 25.04.2022.

Inventors:

Damian Józefiak, Anita Zaworska-Zakrzewska, Małgorzata Kasprowicz-Potocka, Adam Cieślak, Małgorzata Szumacher, Jan Jankowski, Ewa Sawosz-Chwalibóg, Sylwester Świątkiewicz, Anna Arczewska-Włosek, Artur Józwik.

Patent No 241402

Method for preparing an insemination dose of cryopreserved boar semen.

Application No P.432175 from 11.12.2019.

WUP 39/2022, date of publication: 26.09.2022.

Inventors :

Magdalena Bryła, Monika Trzcńska.

Patent No 241427

Stimulating preparation.

Application No P.430906 from 20.08.2019.

WUP 39/2022, date of publication: 26.09.2022.

Inventors :

Marek Pieszka, Dorota Bederska-Łojewska, Stefan Pierzynowski, Bożena Muszyńska.

Patent No 241488

Method for intracellular, intracytoplasmic, epigenetic modulation of porcine and bovine oocytes.

Application No P.428995 from 21.02.2019.

WUP 41/2022, date of publication: 10.10.2022.

Inventors :

Marcin Samiec, Maria Skrzyszowska.

Patent No 241489

Method for extracellular, subzonal, epigenetic transformation of porcine and bovine oocytes.

Application No P.429080 from 27.02.2019.

WUP 41/2022, date of publication: 10.10.2022.

Inventors:

Marcin Samiec, Maria Skrzyszowska.

Patent No 241490

Method for extrinsic, intracytoplasmic, epigenetic transformation of porcine, bovine and caprine cloned embryos.

Application No P.429232 from 12.03.2019.

WUP 41/2022, date of publication: 10.10.2022.

Inventors:

Marcin Samiec, Maria Skrzyszowska.

Patent No 241491

Method for exogenous, subzonal, epigenetic modulation of porcine, bovine and caprine cloned embryos.

Application No P.429233 from 12.03.2019.

WUP 41/2022, date of publication: 10.10.2022.

Inventors:

Marcin Samiec, Maria Skrzyszowska.

Patent No 241492

Method for submembrane, intracytosolic, epigenetic modulation of fertilized porcine oocytes.

Application No P.429592 from 11.04.2019.

WUP 41/2022, date of publication: 10.10.2022.

Inventors:

Marcin Samiec, Maria Skrzyszowska.

Patent No 241493

Method for supramembrane, extracytosolic, epigenetic transformation of fertilized porcine oocytes.

Application No P.429658 from 11.04.2019.

WUP 41/2022, date of publication: 10.10.2022.

Inventors:

Marcin Samiec, Maria Skrzyszowska.

Granted protection rights for utility models

Protection right No 072386

Protection for edible snail farming pens.

Application No W.129193 from 06.11.2018.

WUP 06/2022, date of publication: 07.02.2022.

Inventors:

Przemysław Pol, Maciej Ligaszewski, Krzysztof Jasik, Marta Łoboziak, Piotr Mielczarek.

Patent applications

No P.441000

Apparatus for inducing sleep in corals.

Application from 22.04.2022.

Inventors:

Przemysław Pol, Anna Dymek.

No P.441001

Apparatus for inducing sleep in marine invertebrates.

Application from 22.04.2022.

Inventors:

Przemysław Pol, Anna Dymek.

No P.442491

Device for waking marine invertebrates from sleep.

Application from 10.10.2022.

Inventors:

Przemysław Pol, Anna Dymek.

No P.442864

Floating handle.

Application from 16.11.2022.

Inventors:

Przemysław Pol, Anna Dymek, Dorota Godyń.

No P.443056

Floating handle for lighting.

Application from 05.12.2022.

Inventors:

Przemysław Pol, Anna Dymek
